Welcome!

Megan Wollitz,

Meet Megan!

She received her BSN in 2010 and her DNP in 2018 from the University of North Florida. As a nurse and NP, she has worked in a variety of clinical environments from intensive care to occupational medicine. However, she found a special passion for aesthetics and wellness almost 4 years ago while she was living and working in Fairbanks, AK. After a short time in WA, she is excited to come back to AK!

Megan focuses on thorough consultation, individualized client goals, and personalized treatment plans aimed at natural results. She is passionate about education and frequently seeks out opportunities to expand her skill set so she can better treat her clients.

HEAT & AIR

Most air conditioning problems are preventable; caused by installation errors, a lack of maintenance or mistakes during operation. Once our technicians have dealt with the problem, we will give you advice on how to prevent such problems in the future.

PLANNED MAINTENANCE

Planned maintenance is key to making sure your heating and cooling system is in top shape at all times. Think of a planned maintenance agreement as an investment into your investment.

ERHM installed an air purification system in our house, I love it. It makes my house permanently smell nice, now I literally only sneeze outside. It's fantastic!
